Bobbie,

I'm thinking of touring the Persigo Sewer Plant that is jointly managed by the City and the County. I toured once before but it was many years ago. A lot has changed. They have some incredible systems in place and really smart engineers. I've heard it's a must see. Cody's been a couple of times.

Would you like to join me?

Thanks,

Janet

I would love to go. I was a freshman at CMU the last time I went so I'm sure a lot has changed!
Let me know what dates/times work for you.
Thank you
Bobbie

Great. Amanda Erkman is going to work on scheduling it, so she might be contacting you.

Thanks,

Janet
