ABOUT THE COMPLAINT

COMPLAINT CATEGORY: Governmental Authority (Police and Other Government Agencies)
DATE OF INCIDENT: May 27, 2025
LOCATION OF INCIDENT: Mesa county Jail/ Detention facility
ADDRESS OF INCIDENT: 215 rice at Grand Junction Colorado
MATTER REPORTED TO ANOTHER AGENCY: Yes
REPORTED TO: Professional standards unit
OUTCOME OR RELATED GUIDANCE: Had a phone call 2 weeks prior to September 23, 2025 no return call, After my email to the mayor was forwarded to the jail I received a call from professional Standards Unit identify himself as internal affairs. I spoke on the phone about Mesa county sheriff's deputy's failing to investigate my reports and having a burden of evidence but refusing to charge my boyfriend with Harassment. Also spoke about my incarceration on May, 29 2025. I spoke to him about the denial of my medical grievance and asking for my inmate rights. I also explained how I was retaliated against by sheriffs booking deputy's retaliation against me for asking for a grievance, then moving me to restricted housing because I asked for the inmate rights and policies and then asked for a grievance. He said I was making a disturbance I told him to they told me to go and self express my breast milk in a intake bathroom I told them No, my baby needed my milk and then asked for my inmate rights and policies they retuned me back to general booking housing cell, I knocked on the cell door and asked for a grievance at the same voice level as if I was asking for a roll of toilet paper. Upon asking for a grievance the deputy's asked me to step out of my cell and put me in a Conor padded cell with no toilet I told him I asked for them to call and get my Brest pump upon arrival at the jail. I also advised him that when I was moved to restricted housing that deputy's came and did their 30 minutes checks and when they came to look in my cell I asked to use the bathroom I told him that the deputy pointed to the hole in the ground with a grate and said "right there" I told the booking deputy "your lying" and he replied "I'm not" he instructed me to defecate in the whole in the ground. Internal affairs replied "yea everyone in those assigned to those cells use the drain gate to use the bathroom not a toilet" I told him that is very wrong and then he asked me some of the staff the witnessed the incident I asked him who the bald man on the computer is he seen the whole incident and refused to help me and looked as if he knew better he let me know that is their "booking supervisor" he did not take my full report of the cruel and unusual punishment that is happening in the jail. He said they don't give grievances to people unlikely to be housed. He also said there is no camera footage of when I was booked in on may 27,2025he didn't anything and everything to sway me that what is happening in the jail is okay.
OTHER KNOWN INCIDENTS: Yes
I was incarcerated 1 time in May and 1 time in June 2025 During my stay as an inmate I witnessed and other people witnessed. Mesa county Jail treating their inmates with cruel and unusual punishment and fail to or take knowledge of the Colorado Jail recommend jail standards. I have an outline of the standards outlined and highlighted major rule violations typically someone who has a disability is put into restrictive housing in booking and told they aren't not allowed access to a toilet. They are to use the drain hole with a grate covering. They are accepting dementia at risk adults for trespassing and not taking protocol even if they noticeably have this illness, personally witnessed this and want to say more but don't want to run out of space. When I was jailed in June I witnessed the jail and multiple deputy's commit neglect on an at risk adult there was an most likely identified as African/amrican around the age of 65 or older who had inconsistency habits she had diarrhea that leaked out of her depend. We asked them for 5 hours or more for them to please get her a new diaper and clothing because she had a soiled diaper and clothing. The cell had a awful smell of fecal matter it wasn't until one of the women vomited did they get her a diaper and new clothing they exposed me to many communicable diseases and put me and others at high risk for Escherichia coli (E. coli), Salmonella, Shigella, Campylobacter, Cholera, and Typhoid fever. Viruses like Hepatitis A, Hepatitis E, Rotavirus, Adenovirus, and Norovirus. They did not care or take concern. They make people poop in a hole in the ground on a daily basis in restrictive housing. I have names dates and times of these events including the name of the witness who vomited after being exposed to fecal matter for 5 hours. They do not provide hand soap, tooth brush, nor a comb and do not offer a shower until you are in permanent housing. One of the girls said she was in booking for 5 days without any of these items.

COMPLAINT NARRATIVE

I Jessie mcneely, was an incarcerated inmate at Mesa county Jail upon arrival at the jail I told them I have a 13 week old baby who is exclusively breastfeeding and is solely reliant on my breast milk. I gave them a phone number they could call for me to acquire my breast pump and asked them to please call since my newborn is not likely to accept formula since he has never drank it so it's very important to get the infant my milk urgently. The booking deputys don't book you completely in until several hours later with a phone call being last priority. I also was told by medical staff that I did not require the special diet because that's "only for pregnant women." After I completed the beginning of my intake I was moved to general booking housing cell I waited 2 1/2 hours into my incarceration before asking booking deputy's if they were able to make the phone call to have my breast pump delivered to the jail they said "No, we can't do that." I asked if they could please ask the nurse to call. The nurse about 10-15 minutes later took me out of the cell she started walking me near the intake bathroom she tried handing me a wash cloth and said "here if it's bad enough you can go self express your milk in the intake bathroom" I replied "No thank you my baby needs the milk" she then turned around and started to take me back to the booking cell. I asked "may I have my inmate rights and policies" Her and the deputy told me "No but you can go back I there." Upon entry the booking cell I asked "can I have a grievance?" they ignored and stared. I started knocking on the glass at a appropriate noise level asking for a grievance about 3 minutes of me requesting a grievance 2 deputy's asked me to step out and grabbed me by my wrist and took me to restrictive housing with no toilet I started to cry and asked them "why are you doing this" While I was in restrictive housing a booking deputy did his routine round and I asked "can I use the bathroom" he pointed to the hole in the ground and said "right there" I said "your lying" he replied with confidence "Im Not!" at this point I was very traumatized. My boyfriend called down to the jail himself asking why I hadn't been booked in and my infant needed my breast milk for him to please bring the breast pump the control people on the intercom tried to calm my hyperventilating down and said "Carlos just called he's bringing your breast pump." I was eventually moved back to the regular booking cell. Can't type out of words.

I hereby certify I am the above listed individual and I have reviewed the preceding information and it is true to the best of my knowledge. I'm finished.

Thank you for contacting the Office of the Attorney General with your report about a government actor that deprived someone of his or her legal rights.

What Can I Expect to Happen Next?

The Colorado Attorney General may open a civil investigation when a governmental authority may have a pattern and practice of depriving persons of their legal rights. Pattern-and-practice cases address widespread misconduct by government entities, not isolated instances.

As a result, we will review the information contained in your report as part of our work to collect data and identify patterns or practices of unlawful conduct. We cannot respond to every report we receive. If we need further information about your complaint, we will contact you.

What If I Need Help with My Individual Case?

The Attorney General's Office does not have the legal authority to investigate or prosecute your individual case. If you seek a criminal or civil investigation or another remedy for your case on an individual basis, please contact your local law enforcement agency, district attorney's office, the United States Department of Justice, or a private attorney. The Colorado Bar Association provides assistance to people who are seeking attorneys at this website: <https://www.cobar.org/Licensed-Lawyer>.

We appreciate the time and effort you took in bringing your concerns to our attention. Information from the public is vital in helping us document trends and, when appropriate, pursue investigations and file lawsuits on behalf of the public.
